

## The Mesa Difference: Dedicated Project Manager

At Mesa Monitoring, we strive to add that personal touch to everything we do. An integral piece to building and maintaining our relationships is providing our customers with a dedicated Project Manager.

### Meet Your Project Managers:

**Peter Holcomb**

**Brad Thoemke**

### Your Project Manager will work with you to:

- Verify the correct items you need at your location are being installed.
- Organize a pre-project kick-off meeting to review infrastructure pre-requisites, and supply the Equipment List Document, Asset ID Tags and Project and Site Readiness Review Checklist.
- Monitor the progress on infrastructure pre-requisites.
- Hold a "Go/No Go" Meeting to verify the completion of pre-requisites.
- Schedule a Technician to go on-site.
- Authorize shipment of the necessary hardware and Work Plan/Protocol Binder.
- Monitor the progress of the installation.
- Verify all work has been completed with no outstanding concerns or issues, and review any known issues.
- Schedule post-installation follow-up meetings to ensure the system is running properly.
